

Setting up your JustGiving page

The easiest and most cost-effective way to fundraise online is via JustGiving.

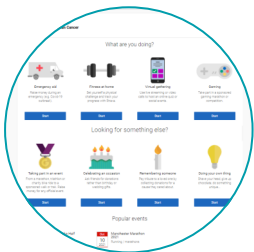

JustGiving

Go to justgiving.com/targetovariancancer and click 'fundraise for us' (the orange button near the top).

Sign up or log on

Use your existing JustGiving account or sign up if you don't already have one. You can also sign up using Facebook or Twitch.

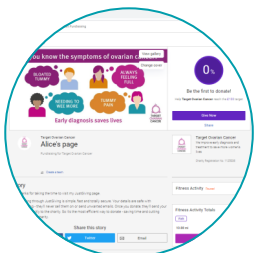

Choose how you are fundraising

Choose the option most relevant to what you are doing.

Create your page

Check the options given and change them if you want to. Click the blue 'create your page' button.

That's it!

You're now ready to make your page stand out from the crowd. The more you make it your own, the more compelled people will feel to donate. See the rest of this guide for our top tips!

Thank you!

**Target
Ovarian
Cancer**

Our top tips

Follow these top tips to get the most from your fundraising page.

1. Getting started

Log in to your JustGiving account, head to your page and click the 'edit your page' button to make all the changes you want.

2. Smile for the camera

According to JustGiving, fundraisers with photos on their page raise 13 per cent more per photo!

4. Say what you're doing

Keep it short and sweet! Your supporters like to know at a glance what you are taking on.

6. Tell your story

Explain why you've chosen to support Target Ovarian Cancer, and you could raise 65 per cent more!

8. Share updates

Let people know how you're getting on so they can follow your progress.

10. Keep talking

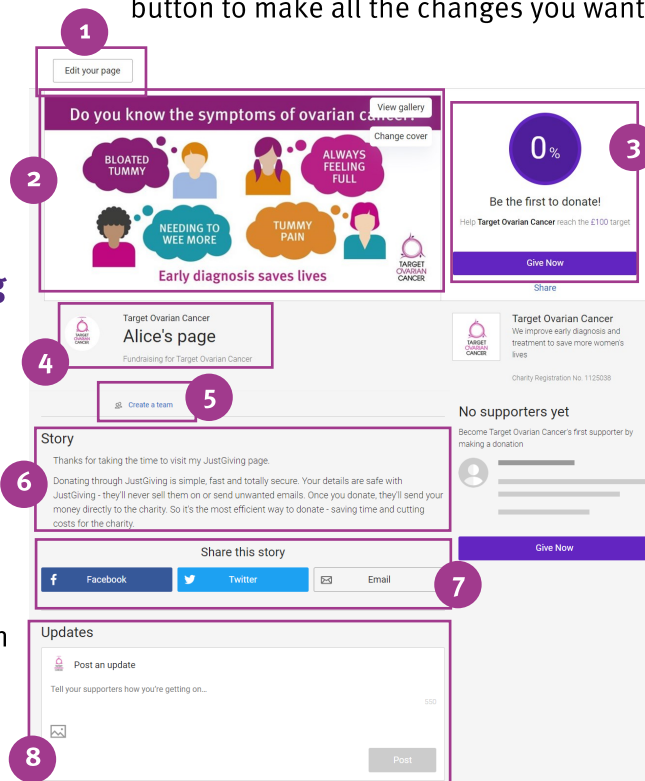

Twenty per cent of donations come in after an event has finished, so don't be afraid to keep asking!

9. Share your success

Include your offline fundraising so all your efforts can be seen by your supporters.

11. Say thank you

Thanking your supporters will show how much their support means.

3. Share your aim

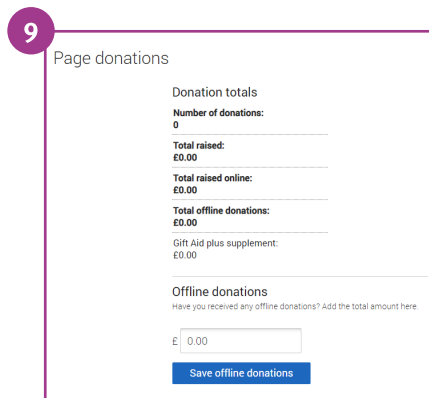

Supporters like to see your goal. Setting a target can increase your fundraising by 17 per cent.

5. Team up

If you're fundraising with others, you can create a page for your team to see all your fundraising in one place.

7. Shout about it

Share your page on social media. Sometimes people need a few reminders before they donate!

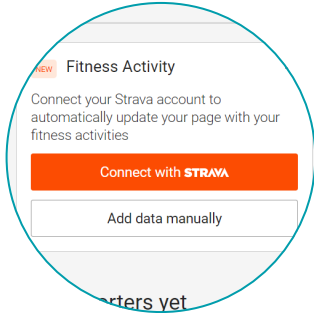

What else can I do with my page?

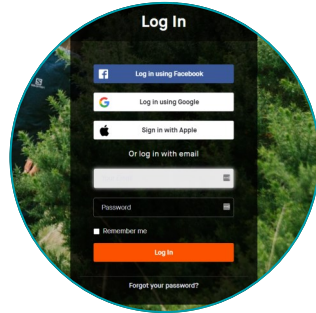

JustGiving has lots of ways you can personalise your page and make it really stand out.

Connecting a Strava account

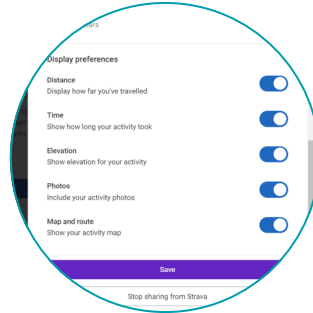

Connect your Strava account to your page to automatically share updates on your training.

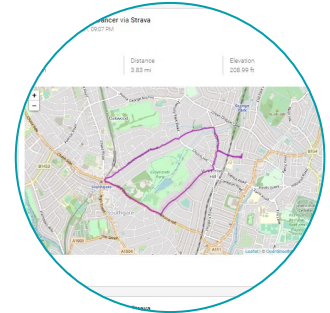

Click the orange 'Connect with Strava' button on your JustGiving page.

Then log in to your Strava account, or create one for free.

Choose how you'd like your Strava activity to appear on your page.

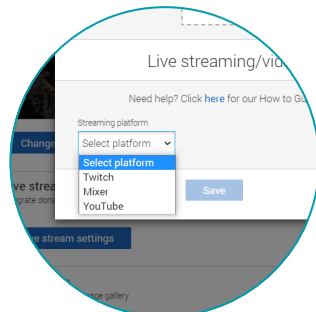

And you're good to go! Activity from Strava will appear on your page.

Share a video or livestream to your page

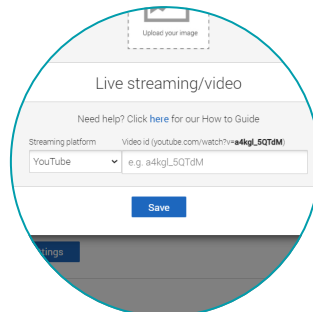

Did you know you can add a video to your JustGiving page? You can even livestream directly to it!

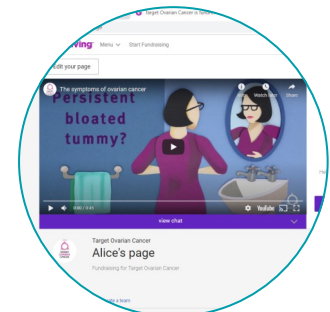

Click the 'Change cover' button on your JustGiving page.

Click 'Change cover' again and select a streaming platform.

Insert the URL of the video you'd like to share and click 'Save'.

Your video or livestream will appear in place of your cover photo.

QR codes

In an increasingly digital world, a QR code is a great way to share your page. To create your QR code, open your page and type '/qrcode' at the end of the url. Your QR code will appear – you can then save or screenshot it to share it on social media, via email or on a poster!
